

**TO:** All Law Enforcement Agencies  
**FROM:** Sergeant Ken Denton, Seattle  
**SUBJECT:** 2012 Datamaster Operator Training  
**DATE:** November 7, 2011

The Breath Test Program of the Washington State Patrol will be conducting BAC Datamaster Operator Basic and Refresher classes during 2012 according to the following schedule. **The classes will be held at Washington State Criminal Justice Training Commission, 19010 First Avenue South, Burien, WA 98148.**

These classes will be for all police personnel in King County whose agencies do not have qualified instructors. The classes will require a minimum of five (5) students and a maximum of twenty (20). Students must be registered at least 24 hours prior to class date by calling the Breath Test Program at (206) 720-3018. The refresher class is up to 4 hours and the basic is up to 16 hours. If available, please have your personnel bring a PBT to class.

Operator Permits are good for three years. Each agency should monitor their personnel closely to ensure training of approximately one third each year. This will avoid having to train everyone during the last year.
